GUIDE TO THE ENERGY FUTURE

The company SUMIT ENERGETIKE - SET d.o.o. Trebinje and Elektroprivreda Republika Srpska, with the institutional support of the Ministry of Foreign Trade and Economic Relations of Bosnia and Herzegovina and the Government of Republika Srpska, are organizing the fifth jubilee INTERNATIONAL ENERGY SUMMIT "SET - TREBINJE 2024" in the town of Trebišnjica, from March 20 to 22, 2024.

And this time, a large number of eminent experts in the field of energy, potential investors and representatives of government institutions of the countries of the region, decision makers in the field of energy, economy and industry will gather in Trebinje. All with the same idea, to take a bold step towards the energy future that brings structural and functional changes.

Through seven panel discussions, the most current topics in the field of energy will be discussed, which will be discussed by the most important experts and professors, while the SET itself will bring together almost all regional relevant ministers, as well as a large number of companies from the region, which will present themselves through presentations and videos at the "Energy Summit Trebinje 2024".

It will be an opportunity to discuss with other participants all the challenges of the energy future before us, whether it is the construction of new energy plants, the offer of equipment and services, electromobility, the role of citizens in the production of electricity, trading on the stock market or increasingly offensive digitization in the energy sector. Gathering at the Summit gives companies the opportunity to present the most current projects, point out new trends and present their solutions. We are witnessing that the energy market is rapidly changing, and that it is imperative to be up to date with all new developments, and ensuring energy stability in the current circumstances is the number one topic.

The success of this Energy Summit will not be measured by the number of visits, although it gathers more than 800 participants, but by the results achieved after its holding, by the implementation of individual and joint projects that will be discussed. SET's mission is to trace the path to follow, in terms of drafting strategic documents, approaching European policies, defining common projects and goals that will enable countries from the region to join European and world energy transition trends.

On behalf of the organizers of the Summit, we invite you to contribute to the achievement of the mission and goals of the Energy Summit "SET Trebinje 2024" with your participation.

"We are building the energy future of the Western Balkans together"!

 Direktor SET d.o.o.
Aleksandar Branković

ENERGY SUMMIT TREBINJE

V. ADDITIONAL OPPORTUNITIES AND DEADLINES

1. Potential partners (patrons, sponsors) in the SET organization can be reputable and successful organizations and institutions and companies that carry out the mission of promotion, affirmation and development of entrepreneurship; advocate and contribute to the development of the community and the individual and, by their own example, promote entrepreneurship as an important tool for the development and progress of society.

2. Contracts concluded until 20.02.2024. will treat all indicated forms, types and amounts of promotion. After February 21, 2024, the possibility of media promotion will include reduced means of promotion, in accordance with the terms of implementation of the "Media Plan" of the Summit. The deadline for concluding sponsorship/donation contracts is February 28, 2024. years.

3. The sponsor from abroad pays 70% of the value of the sponsorship to the current account of the organizer, while 30% of the funds "pays" in such a way that it broadcasts its own TV spot/telop in that value on national television in the country where the sponsor is headquartered, with a visual and audio final message video/telopa: "Sponsor of the Energy Summit Trebinje 2024". Therefore, this value (30%) is paid by the sponsor to the national TV for the broadcast of the mentioned spot/telop (according to the price list of the national TV). This provision does not apply to patrons.

4. Arrangements are made according to the order of expressed interests.

5. The sponsor delivers the company logo (in print and web formats) to the Organizer within 8 (eight) days after signing the contract, and: conceptual design of the advertisement, billboard/transparent, free-standing banner, promo desk and other promotional material, the sponsor delivers by deadline that the organizer will determine later, to the address in Trebinje.

6. All promotional materials, props and elements are positioned and placed by the organizer. During installation and positioning, the organizer will try to ensure that all elements are placed in particularly visible and busy places. The order of ordering / contracting services will affect the location and arrangement of positions.

7. Branding of the space and/or bus should be done no later than 72 (seventy-two) hours before the start of the SET, and all installed elements removed no later than 12 (twelve) hours after the end of the event in the specific space. During branding, there must be no damage to the space and inventory in the space / on the equipment being branded. In the event of such damage, the client is obliged to repair the damage in the shortest possible time and/or compensate the owner of the space/equipment for the value of the estimated damage.

8. VAT in the amount of 17% is not included in the previous values and will be calculated on the invoice.

9. All relationships between sponsors/patrons and organizers will be precisely defined in the Sponsorship Agreement / Sponsorship Agreement.

If the structure of the Sponsorship/PATRONSHIP Offer does not meet your marketing needs, ask us to provide you with our various Promotion and Advertising Offer at SET 2024 or the Offer for promotions and presentations within the official SET 2024 Program Schedule / Agenda.

Do not miss the opportunity to present your company/organization, business and offer at the largest regional energy business meeting in 2024.
